

Advertisement no: Student Internship/SERB/SRG/SSR/NS/1 Date: 01/09/2021

Applications are invited for **Student Internship** position under **SERB-DST** project (Principal Investigator: **Dr. Nazmiara Sabnam**, Project Title: '**Functional characterization of novel secreted effectors in *Magnaporthe oryzae***') funded by SERB-DST, Start-up Research Grant, Government of India, India.

Post: One Student-Internship

Project Duration: 2 Months (8 weeks)

Fellowship: 5000/- per month

The progress of the project work will be evaluated after each month by appropriate committee following SERB-DST project guideline.

Essential Qualification:

- Students in **Undergraduate Engineering and Postgraduate Science** in the fields of Plant Sciences (Life Sciences) and related subjects may apply.
- We expect prospective candidates to have reasonably good proficiency in basic Bioinformatics and Plant Biology.
- A minimum of 60% marks at undergraduate and postgraduate levels are required (*if applicable*).
- The Student Internship Programme is open for students studying in Indian Universities/Institutes.

How to apply:

Interested candidates can apply for this post by sending an application letter to the Principal Investigator via email: **(nazmiara.dbs@presiuniv.ac.in)** on or before **11th September 2021, 5 P.M.**

The application includes:

1. A cover letter summarizing the application (including research interests)
2. A recent CV (including name as per 12th grade mark sheet or government-issued photoidentification document, academic qualification, postal address, mobile number) along with self-attested copies of all the relevant testimonials (original degree certificates, mark sheets, and proof of date of birth)
3. A copy of photo ID (proof for name given in CV).
4. Thesis/project report and publications (if any)

Candidates may contact PI for any further query.
